## Fictional example: a library booking pilot

A library is testing two room-booking screens. On 30 September, screen A passed the agreed test; screen B still needs a keyboard check. Evidence: test note L-02, reviewed by Mina. Next: Mina records the check outcome by 2 October.

### 1 Facts and evidence

| Fact to verify | Evidence / reference | Date + owner |
|----------------|----------------------|--------------|
| <hr/>          | <hr/>                | <hr/>        |
| <hr/>          | <hr/>                | <hr/>        |

### 2 Progress, risk and action

|                     |                                                                     |
|---------------------|---------------------------------------------------------------------|
| <b>Progress</b>     | What changed since the last update?<br><hr/>                        |
| <b>Risk / issue</b> | What could affect the plan? Name the owner and next check.<br><hr/> |
| <b>Next action</b>  | State the decision or action, its owner and the due date.<br><hr/>  |

### 3 AI draft review

- ☐ I checked the draft's claims and dates against the listed evidence.
- ☐ Missing or uncertain facts are marked for follow-up.
- ☐ The decision, risk owner and next action remain clear.

**Change before sending:**
